What the Sales Rep Receives

- ✓ **Unique referral link**
Tied to their Whop username — trackable, shareable, permanent.
- ✓ **Automatic commission on every renewal**
Not just the first payment — they earn 20% every month a referred member stays.
- ✓ **Direct payouts via Whop**
Earnings are paid directly to their Whop account — no manual transfers.
- ✓ **Live performance dashboard**
They can track referrals, active members, and earnings in real time.

Offboarding a Sales Rep

Go to Affiliates → find the rep → click "**Archive affiliate.**" Their link stops tracking new referrals. Existing members they referred continue earning commission until those memberships cancel.
